One membership shall be issued to one adult member of each family unit. The family unit may utilize the Corporation's facilities upon payment of the membership bond and annual dues, as fixed by the Board of Directors. A family unit is defined as all persons of the same immediate family, including all persons financially dependent on the holder of the membership and/or persons permanently residing in the same household unit, excluding domestics and roomers. This membership includes parent(s) and dependent children under the age of 25. Any deviation from or interpretation of the above shall be decided upon by the Board of Directors.

An existing family membership can be converted to a single membership upon qualification of the following eligibility requirements. Only an adult member (bond holder or spouse) in the family will continue as a single member. There are no children under the age of 18 in the member's household. The member has been a member in good standing both financially and conforming to club rules for 3 or more years. Any deviation from or interpretation of the above shall be decided upon by the Board of Directors.
